

Driving Solutions

Helping you make the right decision

To prepare for the driver evaluation meeting please be aware of the following:

- We will need a quiet kitchen or dining room table to meet at. No children please.
- There is no actual driving during this meeting. This is Part 1 of a two-part process.
- Arrange for a family member or friend to be present for the meeting. It should be someone who understands the situation and is supportive.
- Have a check made out to Driving Solutions, LLC. Cash is acceptable
- Venmo payment is accepted. Pricing is discussed at time of booking
- Some locations have an additional travel charge
- Plan for a 2-3 hour session.
- The driver should complete the paperwork without the help on another, as much as possible. Have paperwork completed prior to out meeting. Do not send it to me. Keep it until we meet.
- If you wear glasses or use hearing aides have them ready for the meeting.
- The meeting begins with getting to know you, your driving history, values and occupations.
- The evaluation includes subtests of movement, strength, vision, thinking, memory and attention. It's a good idea to study the rules of the road prior to the meeting.
- At the conclusion of the meeting we will discuss the results and recommendations.
- If Part 2, on-road evaluation is recommended it takes place on another date. We will discuss how to proceed with making arrangements, as needed. There are a variety of considerations.
- You and your MD will each get the same formal report that summarizes our meeting

If you have any questions or concerns about this process please let me know by phone or text at 508 878 9583 or email me at drivingsolutionsjudy@gmail.com.

In my experience these preparations insure a clear and open discussion with you and your family about the important issue of driver safety. I look forward to working with you. Thank you in advance.

Sincerely,
